EDUCATION

LDRP Institute of Technology and Research

2019 - 2024

Bachelor of Computer Engineering

Gandhinagar, Gujarat

Gayatri Vidhyalaya

12th Std. HSC (Science)

Ahmedabad, Gujarat

St. Marv's School

10th Std. SSC

Ahmedabad, Gujarat

EXPERIENCE

Inferenz 03/2023 – current

Diango Developer/QA Tester

Ahmedabad

- · Developed and maintained RESTful APIs to facilitate communication between the back-end and front-end
- Implemented CRUD (Create, Read, Update, Delete) operations to manage data efficiently within the application.
- Designed and built a robust Back-end Dashboard UI using Django templates and Bootstrap, providing an intuitive interface for administrators
- Collaborated with front-end developers to integrate back-end services and ensure seamless user experience.
- Worked with version control systems, such as Git, to manage code-base and collaborate with team members
- Conducted Selenium automation testing to validate the functionality of web applications.
- Used pytest framework to write and execute automated test cases, improving the reliability of code.
- Developed comprehensive test cases to cover various scenarios and edge cases, ensuring robust application performance.

PROJECTS

Second-hand Book Bank | HTML, CSS, JS, PHP

- Engineered a website using HTML, CSS, JS, PHP, SQL to serve second-hand books through online mode.
- Utilized responsive design principles to ensure the website was accessible and functional on various devices and screen sizes.

Online job portal | HTML, CSS, JavaScript, Django, SQLite

- Developed an online job portal website using HTML, CSS, JavaScript, Django, and SQLite, enabling employers to post job listings and job seekers to search and apply for jobs.
- Managed SQLite databases to store and retrieve data related to users, job postings, and applications efficiently.
